

PROWC ODOR ELIMINATOR

LIQUID NEBULIZER

Concentrated liquid specially formulated to eliminate bad odours in nebuliser format. It is ideal for environmental use due to its effective dispersion in the air. It is a product that combines several technologies to achieve effective neutralisation of bad odours, leaving a more pleasant and healthy environment.

Funcionamiento y Composición

PROWC Odour Neutraliser is a product specially formulated for the treatment of unpleasant odours in bathrooms and waste water. It is ideal for use in bathrooms, offering a light and pleasant jasmine scent that helps neutralise unwanted odours.

It does not mask the odor by covering it with another fragrance, but directly captures the molecule that causes the bad odor and makes it disappear from the air; in this way the bad odor is eliminated from the treated environment or surface.

Applications

- Neutralizes odors from bathrooms, pipes and waste water.
- Ideal for use in public bathrooms and busy toilets.
