APPLICATIONS

INDICATED FOR: Broad-spectrum odor neutralizer, especially designed to neutralize odors from pets, cooked and fried fish, and dampness. This format allows application in the air and on surfaces, making it ideal for eliminating odor-causing particles both in the air and at their source.
ESTABLISHMENTS: Ideal for use in homes with pets, veterinary clinics, stables, restaurants, and damp environments.
MARKETING: Can be customized with a label / logo.

REFILLS

REFILLS: 500ml, 5L, 20L.

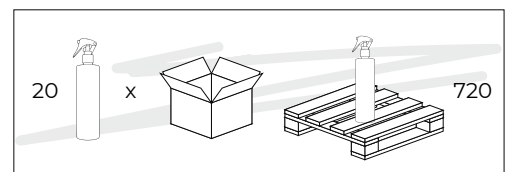

OPERATION AND COMPOSITION

The PROPET odor neutralizer is a product specially formulated to treat unpleasant odors from pets, cooked and fried fish, and dampness. It is ideal for use in homes with pets, restaurants, and humid environments, providing a light and pleasant aloe vera scent that helps neutralize unwanted odors. It does not mask odors by covering them with another fragrance; instead, it directly captures the molecules that cause bad odors and removes them from the air. In this way, unpleasant odors are eliminated from the environment or treated surface.

PRECAUTIONS

Professional use product. Flammable. Do not ingest. Avoid contact with skin. Avoid contact with eyes and mucous membranes. Store in a cool, dry place. Keep containers tightly closed and protected from light and heat. Avoid release to the environment. Dispose of the contents and/or container in accordance with applicable regulations. Full information can be found in the Safety Data Sheet (SDS).

Concentrated liquid specially formulated for eliminating unpleasant odors in **Roomspray** format. It is ideal for environmental application due to its fast and effective dispersion in the air. This product combines several technologies to achieve effective odor neutralization, leaving a more pleasant and healthier environment.
