

REF: 99561

ODOR ELIMINATOR PRO-WC P-500

FEATURES

ASPECT: Liquid.
ODOR: Light Jasmine scent.
COLOR: Slightly yellow.
DENSITY: 0,800-0,900g / ml.
RANGE: 50cm.
PH: Not applicable.
MATERIAL: Polyethylene terephthalate.
CAPACITY: 500ml.
SOLUBILITY: Not soluble in water.
FLAMMABILITY: Flammable (< 60°C).

APPLICATIONS

INDICATED: Broad-spectrum odor neutralizer, specially designed for bathrooms where odors can be persistent and difficult to eliminate. This format allows application both in the air and on surfaces, making it ideal for eliminating the particles that cause bad odors, both in the air and at their source.
ESTABLISHMENTS: Neutralization of bathroom, pipe and wastewater odors. Ideal for use in public restrooms and high-traffic washrooms.
MARKETING: It can be customized with a label / logo.

REFILLS

REFILLS: 500ml, 5L, 20L.

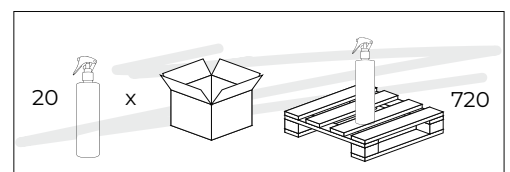

OPERATION AND COMPOSITION

The PRO-WC odor neutralizer is a product specially formulated for treating unpleasant odors in bathrooms and wastewater. It is ideal for use in restrooms, providing a light and pleasant jasmine scent that helps neutralize unwanted odors. It does not mask the odor by covering it with another fragrance; instead, it directly captures the molecule that causes the bad smell and makes it disappear from the air. In this way, the unpleasant odor is eliminated from the treated environment or surface. Store in a cool, dry place. Keep containers tightly closed and protected from light and heat.

PRECAUTIONS

Professional Use product. Flammable. Do not ingest. Avoid contact with skin. Avoid contact with eyes and mucous membranes. Store in a cool, dry place. Keep containers tightly closed and protected from light and heat. Avoid release into the environment. Dispose of contents and/or container in accordance with current regulations. Full information can be found in the Safety Data Sheet (SDS).

Concentrated liquid specially formulated for eliminating bad odors in **Roomspray** format. It is ideal for environmental application due to its fast and effective dispersion in the air. This product combines several technologies to achieve effective neutralization of bad odors, leaving a more pleasant and healthier environment.
